

SML-P24 Series PICOLED[™]-Duo

1010(0404) 1.0×1.0mm(t=0.2mm)

Features

·Ultra compact 2-color type LED 1.0×1.0

- ·Thinnest in the world* t=0.2mm
- ·Low height contributes to the improvement of color mixture

* Investigated Aug. 2009

When shipped as sample, the part name will be a representative part name.
General products are free of ranks. Please contact sales if rank appointment is needed.

Packing Specification

ROHM LED products are being shipped with desiccant (silica gel) concluded in moisture-proof bags. Pasting the moisture sensitive label on the outer surface of the moisture-proof bags or enclosing the humidity indication card inside the bag is available upon request. Please contact the nearest sales office or distributer if necessary.

	Notes
No copy consent	ying or reproduction of this document, in part or in whole, is permitted without the of ROHM Co.,Ltd.
The con	tent specified herein is subject to change for improvement without notice.
The cor	ntent specified herein is for the purpose of introducing ROHM's products (hereinafter
"Produc	ts"). If you wish to use any such Product, please be sure to refer to the specifications
which ca	an be obtained from ROHM upon request.
Example	es of application circuits, circuit constants and any other information contained hereir
illustrate	e the standard usage and operations of the Products. The peripheral conditions musi
be taker	n into account when designing circuits for mass production.
Great ca	are was taken in ensuring the accuracy of the information specified in this document
Howeve	r, should you incur any damage arising from any inaccuracy or misprint of such
informat	tion, ROHM shall bear no responsibility for such damage.
The tech	nnical information specified herein is intended only to show the typical functions of and
example	es of application circuits for the Products. ROHM does not grant you, explicitly of
implicitly	y, any license to use or exercise intellectual property or other rights held by ROHM and
other pa	arties. ROHM shall bear no responsibility whatsoever for any dispute arising from the
use of s	uch technical information.
The Pro	ducts specified in this document are intended to be used with general-use electronic
equipment	ent or devices (such as audio visual equipment, office-automation equipment, commu-
nication	devices, electronic appliances and amusement devices).
The Pro	ducts specified in this document are not designed to be radiation tolerant.
While R Product	OHM always makes efforts to enhance the quality and reliability of its Products, a may fail or malfunction for a variety of reasons.
Please I	be sure to implement in your equipment using the Products safety measures to guard
against	the possibility of physical injury, fire or any other damage caused in the event of the
failure o	f any Product, such as derating, redundancy, fire control and fail-safe designs. ROHM
shall be	ar no responsibility whatsoever for your use of any Product outside of the prescribed
scope o	r not in accordance with the instruction manual.
The Pro	ducts are not designed or manufactured to be used with any equipment, device or
system	which requires an extremely high level of reliability the failure or malfunction of which
may res	sult in a direct threat to human life or create a risk of human injury (such as a medica
instrum-	ent, transportation equipment, aerospace machinery, nuclear-reactor controller
fuel-cor	atroller or other safety device). ROHM shall bear no responsibility in any way for use or
any of th	the Products for the above special purposes. If a Product is intended to be used for any
such sp	ecial purpose, please contact a ROHM sales representative before purchasing.
lf you in	Itend to export or ship overseas any Product or technology specified herein that may
be cont	rolled under the Foreign Exchange and the Foreign Trade Law, you will be required to
obtain a	I license or permit under the Law.

Thank you for your accessing to ROHM product informations. More detail product informations and catalogs are available, please contact us.
