**General Description**

Slim low profile design. Luminaire is constructed from rugged extruded aluminum housing and die cast end caps for superior heat dissipation and durability. Integral weather-tight LED driver compartment and high performance aluminum heatsinks. Rugged die cast mounting pads provide for solid and secure luminaire mounting. Optional field installable extruded aluminum arms to space luminaire up to 18" (457mm) away from the mounting surface.

Luminaire body is rotatable 360 degrees in 5 degree increments for proper aiming and uniform illumination. Rotation is clearly marked with index marks on end caps.

**Electrical**

Modular design accomodates varied lighting output from high power, white, 5700K (+/- 500K per light bar), minimum 70 CRI, long life LED sources. Optional 4000K (+/- 100K per light bar) and 3500K (+/- 100K per light bar), both with minimum 80 CRI LED sources are also available. 120–277V 50/60 Hz, Class 1 LED drivers are standard. 347–480V 50/60 HZ option is available. LED drivers have power factor >90% and THD <20% at full load. Units provided with integral 10V surge protection. 36" (914mm) outdoor rated flexible power cord is provided for electrical connection. Surge protection tested in accordance with IEEE/ANSI C62.41.2.

**Finish**

Exclusive Colorfast DeltaGuard® finish features an E-Coat epoxy primer with an ultradurable silver powder topcoat, providing excellent resistance to corrosion, ultraviolet degradation and abrasion. Bronze, black, white, and platinum bronze powder topcoats are also available. The finish is covered by our 10 year limited warranty. Fixture and finish are endurance tested to withstand 5,000 hours of elevated ambient salt fog conditions as defined in ASTM Standard B 117.

**Patents**

U.S. and international patents granted and pending. BetaLED is a division of Ruud Lighting, Inc. For a listing of Ruud Lighting, Inc. patents, visit [www.uspto.gov](http://www.uspto.gov).

**Testing & Compliance**

UL listed in the US and in Canada for wet locations and enclosure classified IP66 per IEC 60529. Consult factory for CE Certified products. RoHS Compliant.
