Model #: P134-06N-VGA

6 in. Displayport to VGA Adapter

Highlights

- Connect a VGA monitor to a computer with a Displayport output
- Plug and Play – no drivers or setup needed
- Supports PC video resolutions up to 1920 x 1080 and HD resolutions up to 1080p

Description

Tripp Lite's P134-06N VGA Displayport Male to VGA Female adapter allows you to connect a computer with a Displayport output to a VGA monitor. It features a simple plug and play design with an integrated chip that converts the digital Displayport signal to analog VGA – no drivers or setup needed. Simply plug the adapter into your Displayport source and connect your VGA cable between it and your monitor. PC video resolutions up to 1920 x 1080 are supported as well as HD resolutions up to 1080p.

System Requirements

- Computer with a Displayport output
- Monitor with a VGA port
