

DV26 CAT IV Non-contact Voltage Detector + Flashlight

Rugged CAT IV rated non-contact Voltage (NCV) Detector displays a Green LED light when it is powered on and ready for use. When flashing Red LED with audible beeper sounds, this indicates the presence of live wires. The convenient built-in bright flashlight allows for viewing in dimly lit areas.

Features

- Non-contact detection of AC Voltage from 100 to 1000VAC
- For use on 50/60Hz circuits
- CAT IV-600V, CAT III-1000V safety rating
- Rugged double-molded housing
- Green LED indicator lights up when powered on and ready to use
- Tip fits into outlets or against wire insulation testing
- Flashing Red LED indicator light with audible beeper indicates presence of live wires
- Built-in bright flashlight with On/Off button
- Compact size with pocket clip
- 6.25 x 1" (159 x 25mm); 1.5oz (42g)
- Complete with two AAA batteries
