**Options:** Sensors come with stripped leads standard. For custom cable lengths greater than 6 m (240"), change the "-240" variable at the end of the model number to desired length in inches for additional cost. For miniature connectors add "-**MTP**" to the end of the model number for additional cost. For a 4-wire audio connector, add "-**TA4F**" to model number for additional cost. **Ordering Examples: HSRTD-3-100-B-40-TA4F**, 100  $\Omega$  Class "**B**" sensor with 1 m (40") of cable and TA4F connector. **HSRTD-3-100-A-120-E**, 100  $\Omega$  Class "**A**" sensor with 3 m (120") of cable.
