Parrot®
MINIKIT *Neo*

Control the MINIKIT Neo by voice: *make and receive calls without touching any buttons. Say the key word 'MINIKIT' at any time to trigger the voice recognition, and then say the name of the contact you wish to call. When receiving a call, just say 'Accept' or 'Reject'. The kit recognises any voice without need for any programming, matching or training.*

All your contacts on your kit
Synchronisation with your phonebook is automatic and all menus are vocal so you can stay focused on driving.

Great sound quality
The NXT flat panel technology provides a clear open sound. Combined with a strong amplifier, it delivers a 3W powerful sound. Digital Signal Processing allows a drastic reduction of noise and a strong echo cancellation.

Connect two phones at once
The MINIKIT *Neo* features Multipoint, allowing it to connect to two phones simultaneously. Thanks to the Switch function, you can also use both phonebooks to make calls!

Listen to your music
The MINIKIT *Neo* features Bluetooth Audio Streaming (A2DP). You can listen to all your music on your phone and benefit from the voice commands of your navigation app directly on your kit.

Automatically activated
The kit integrates a vibration sensor to automatically switch on when you get in your car. When you leave the car, the MINIKIT *Neo* automatically enters Ultra Low Power Mode.

Hours of conversation
The MINIKIT *Neo* gives up to ten hours of talk-time. Enjoy six months of standby with Ultra Low Power Mode. The MINIKIT *Neo* will tell you the remaining battery time vocally upon request.

Simple pairing
The MINIKIT *Neo* will vocally guide you through the entire pairing process. Once your phone is paired, the Bluetooth connection with the kit is always automatic. If you have a NFC-compatible phone, all you have to do is hold it to the MINIKIT *Neo* to connect.

Easy update
Benefit from new features or change the language of your MINIKIT *Neo* by downloading new software versions for free. To update, just drag n' drop the software file on the MINIKIT *Neo*'s folder on your computer.

Compact and sleek design
The MINIKIT *Neo* combines the best of technology in a compact and stylish design. The integrated clipping system is compatible with all sun -visors and can be reversed easily with only one hand when you fold or unfold the sun visor.

Voice controlled portable Bluetooth hands-free kit
