New Jersey Semi-Conductor Products, Inc.

20 STERN AVE. SPRINGFIELD, NEW JERSEY 07081 U.S.A. TELEPHONE: (201) 376-2922 (212) 227-6005 FAX: (201) 376-8960

PRODUCT SPECIFICATIONS

HIGH CONDUCTANCE, GENERAL PURPOSE

SILICON PLANODE**

1N461A 1N463A 1N462A 1N464A

The 1N461A PLANODE** family, with one-piece whiskerless planar construction, offers the ultimate in electrical and mechanical reliability. Die and studs are metallurgically bonded into one massive structure. Thermal and mechanical shock are distributed throughout this structure instead of concentrating at a delicate whisker contact. PLANODE** construction, plus Raytheon's MARK X and optional X-L Reliability Processing, insures ultimate reliability.

MECHANICAL DATA

CASE: JEDEC DO-7 MARKING: Standard E.I.A. color code bands starting at cathode end.

ELECTRICAL DATA
